
SOME OF YOU MAY RE-call that last week we devoted considerable space in this column to the fact that there are now seven motion picture theaters in town (counting the two-screen operation of the Winchester Drive-In).

The column coincidentally called attention to the fact that two of the theaters had shows about Alaska ("Alaskan Safari" and "This Is My Alaska") going at the same time.

We submitted that there was a time just a few years back when Campbell was without a movie house of any description.

We failed to mention, however, that there was a movie house (of the old era) operating on E. Campbell Ave. for many years.

But it had closed its doors before the motion picture industry could recover from the first lethal rays of the TV tube.

Anyway, there is an interesting sidelight about that old movie house of Campbell that is apropos to any discussion relative to the theater-going tastes of this community.

True, one can now go to seven different movie shows in town all of modern vintage.

BUT Campbell's lone remnant of those nostalgic days of movies of the past (the old Campbell Theater on E. Campbell Ave.) is still packing in the theater-going public on weekends.

Now, however, it is live entertainment that draws, not the silver screen.

The only resemblance to the modern movie theater is the popcorn.

-0-

FOR MORE THAN A year now, Campbell's old movie house at 400 E. Campbell Ave., has been the locale of the only live dramatic stage production operating on a year-around-basis in the county. It's "The Gaslighter Theater" that we are talking about.

Don and Faye Cupp produce and direct the epic melodrama that hits the boards every Friday and Saturday. Mr. and Mrs. Cupp are ably assisted by a number of their friends and associates in presenting the crowd - pleasing theater.

The old movie house has been converted into the intimate theater setting of by-gone days of almost a century ago.

"The audience is encouraged, nay, urged to boo and hiss the villain and villainess, cheer and applaud the hero and heroine. You are otherwise admonished to comport yourselves in a manner becoming ladies and gentlemen."

That's what the management suggests in the program which should give you an idea of how you can have a fun evening.

Audience participation, one might call it.

In a noisy sort of way.

-0-

THE PRODUCTION that has been presented by the Cupps on the weekends for the past few months is "The Perils of Penelope, or, Pinkerton's Pride".

The program notes that it is "adapted by Don Cupp".

If you read something into the names of the "dramatis personae", you should.

But Don adds the precautionary note that any resemblance to living persons is purely coincidental.

For example:

"Homer Hydely" is played by Jim McLaughlin.

Other characters include "Billy Smedley", "Edwina Rogers" and "Maggie Chamberlane".

Do the names sound vaguely familiar to you? They should.

Before Cupp changes the production, which is planned for April, the City Council should attend "The Perils of Penelope". In a body.

They probably would get a charge out of it and also should provide a welcome re-

Planners deny theater expansion

Issue now goes to City Council for final say on third screen

There will be no expansion of the Winchester Drive-In Theater with a third screen on the land-locked six-acre parcel adjacent to the present operation, provided the City Council approves the two actions taken by the Planning Commission on Monday night.

A drive-in theater cannot be located if the present zoning (R-3-S) of the parcel remains in effect.

So the first action taken (denial of a zone change) was all that was needed to drop the curtain on the long-playing road show, "The Case of Third Screen" which has had an on-again off-again record of many months before the Commission.

RE-RUN COMING

And there is going to be a re-run of the epic before the City Council, on the appeal route, probably on Tuesday, March 3.

The second action taken by the Planning Commission on Monday affecting the drive-in was the denial of a use permit request by Syufy Enterprises for a third screen which could not be located there anyway unless the zone was changed.

CITY ATTORNEY

In addition, City Attorney Joe Bonacina, in a ruling submitted prior to the meeting had specified that the Commission was precluded from acting on the use permit for a third screen because of a city ordinance specifying that a drive-in theater must be more than 1000-feet from a residential area.

But the city attorney also ruled that the continued public hearing on the third screen issue should be held, even if the results had already been determined because both the applicant and the opponents were in attendance.

So the Commission went through the motions of a hearing on an issue that had already been decided, much to the disgust of one veteran commissioner, Thayer Lyons, who refused to vote on the matter claiming that it was an improper procedure. He asked that the record show his opinion.

SAME CAST

The hearing on both the zone change and the third screen were repeat performances of previous sessions with basically the same cast of characters with Michael DiLeonardo, attorney for Syufy Enterprises, presenting the case for the third screen.

Complicating the involved matter even more was that the Planning Commission at a pre-

Steve Goodman receives high scouting award

HIGHEST AWARD — Laurence J. Hill, chairman, Silver Beaver Committee, Santa Clara County Council, Boy Scouts of America, presents the Silver Beaver Award to Stephen A. Goodman as Mrs. Goodman looks on. The Silver Beaver is the highest award which can be made by a local council.

The Silver Beaver award was presented to Stephen A. Goodman, 1352 Bent Dr., a long-time resident of Campbell, at the Annual Recognition Dinner of the Pioneer District of the Boy Scouts of America.

This award is the highest honor which can be bestowed by a local Scout Council. This dinner was held at Camden High School.

More than 300 people were present at the dinner, recognizing not only Goodman for his service to boys for the past 12 years, but also to receive individual and program recognition awards.

Goodman, a native of Stockton, California, is the District Manager and Engineer of the County Sanitation District No. 4. He is a member of the Campbell Kiwanis Club and also of St. Lucy's Parish.

During the past 12 years he has devoted many hours to Scouting by not only participating as Scoutmaster for Troop 318, but also being a member of the sustaining membership campaign during this time.

At present he is Scoutmaster of Troop 318 and has served in this capacity since 1966; previously he has served as district commissioner, assistant scoutmaster, and on various committees of the district.

Students start big "brush-in" deal next week

Students in all of Campbell's elementary and secondary schools will be coming home with toothbrushes in their pockets next Wednesday, Feb. 25.

This will mark the inception of a new program of the county health department called "Operation Brush-In".

During the days prior to the Brush-In the students will study tooth decay, structure and care. A letter will be sent the parents of each school age child informing them of the program and soliciting their permission to use a newly developed toothpaste which will be used in the actual demonstration.

Sponsors of the program are the Santa Clara County Dental Research Foundation and the Santa Clara County Health Department under the direction of Dr. Daniel Corrigan.

It has been endorsed by the County Dental Society, the Mid-Peninsula Dental Society and the County Medical Society and Pharmaceutical Association.

Volunteers are recruited to help the operation run smoothly and a member of the Dental Society's Women's Auxiliary will be present at each school to coordinate the activities of the volunteers.

Local dentists who are participating in the program are: Doctors John Buchmiller, Gary Carlson, Robert Ferguson, Joseph Hansen, Wayne Hopp, Melvin Leavitt, Donald Olsen, Robert Panick.

David Roberts, John Uniat, Alvin Yules, John Ziegler, Darwin Barrett, Leland Ferguson, Ronald Mackley, Harry Selsnick, Anthony Lippi, Ken Follmar, Hal Hart, Roger Kisner, Clem Schrick, Reed Jorgensen.

Dante Salera, Louis Ruschin, John NOra, Philip Jenkins and Jay Baldwin.

Dr. Lloyd Grant is coordinator.

New fire department station opens Thursday

Occupancy of the new Campbell Fire Station, 485 Sunnyoaks Ave., is scheduled for Thursday, Feb. 19, according to George Maxwell, Campbell fire chief.

At that time the fire truck and three men, now using the rented quarters at 775 Sunnyoaks, will complete the transfer of equipment to the new facility. Vacating of the rented house which had been converted for usage by the fire department will be completed by March 1, at which time the city will cease payment of the $200 per month rent.

Planned for the March 1 date also is the transfer of the fire headquarters from the North Central Ave. fire station to the new facilities.

The Campbell Citizens for Beautification have undertaken the project of landscaping Fire Station No. 2 on Sunnyoaks. Because of the increase in building costs, the City was unable to provide funds for beautification purposes.

Service clubs, youth groups and private citizens are being asked to contribute to the fund to buy the necessary shrubs and trees. It is hoped that one section can be completed on Arbor Day, March 7, and another on March 14, so that part of the landscaping can be finished before the dedication of the station.

Any group or individuals who wish to provide funds or labor toward this project are asked to contact Mrs. Jeanette Watson or Carl Kuhn at 378-8141.

City acquires another parcel for new library

Only three more parcels of property need to be acquired by the city for the proposed library site (between Central and Harrison), City Manager Bob Stephens reported this week.

He said the City Council, which will meet next Tuesday (Feb. 24) because of the holiday falling on Sunday, is expected to approve the acquisition of the property owned by Mrs. Manuel Teixeira, at 74 N. Central.

Agreement for the purchase, the city manager said, was reached this week.

Of the three remaining parcels needed, Henry Grattan is the owner of two parcels on Central and Harrison while Ray Stroppa owns the the remaining lot required on N. Harrison.

Residents protest planned zoning for new annexation

A good-sized delegation of residents protesting the pre-zoning of the proposed annexation (as well as the annexation itself) of properties on S. Bascom, El Solyo and Apricot in the vicinity of "The Yardstick" at 2110 S. Bascom had to wait until after midnight Monday night to make their position known to the Planning Commission.

The annexation, which will be before the Council on March 3, includes seven parcels and the city staff has recommended that the area be zoned C-2-S (heavy commercial) but the residents in the area maintained that such zoning was not compatible with the area.

One of the spokesmen for the group, Richard Schilling, 1115 El Solyo, claimed that "The Yardstick" operation should be restricted rather than allowed to expand in the heavier zoning, pointing out the parking problems and other factors that now exist at the present location.

The Commission continued the matter until the next meeting and indicated that more study was needed

City Council situation

A win by default ?

For the first time since the City of Campbell was incorporated in 1952, there may be no competition for the City Council seats that are up for grabs.

Filing time for candidates ends at noon tomorrow (Thursday, Feb. 19) and City Clerk Dorothy Trevethan reported at press time that only Ralph Doetsch, incumbent seeking his third term, and Bill Podgorsek, vice-chairman of the Parks and Recreation Commission, have filed for the positions open on the Council.

The city election is on April 14.

City Clerk Trevethan, who has held that office since 1952, is up for reelection and also has no competition.

However, City Treasurer Velma Olds, who has been in office since 1958 when she defeated the late Ed Merrill, the first treasurer of the city, is being challenged by Mrs. Nadine Sargent, a lifetime Campbell resident, with 20 years of banking experience.

Police auction features sale of city car

One of the largest crowds in the history of the semi-annual auctions of unclaimed items recovered by the police (see accompanying photos) jammed the parking lot at the rear of the City Hall last Saturday morning.

An unprecedented feature of the sale was the putting of a 1965 Chevie on the block. (It was not an unclaimed item, however.)

Police Captain Don Burr, who traditionally acts as auctioneer at the sale, reports that the largest "take" in history was registered, a total of $1296.74.

But the Chevie accounted for $525 of the total.

The selling of the car was an innovation instituted this year. The car was owned by the City and had been used by both the police and building departments.

However, a new car had been authorized by the City to replace it. So it was offered to the highest bidder.

The "experiment" apparently was highly successful with five people getting into the bidding act before Burr said "sold".

Sold on Saturday were 33 bikes and, in addition, such items as batteries, cameras, a bowling ball and other odds and ends were offered at the auction.

Editorial

Progress in 1970

For the past four years, The Campbell Press has published a progress edition in which an attempt has been made to show what has been accomplished in the community, industrially, commercially and from a standpoint of the city administration.

Obviously, to try to pinpoint every phase of progress in any community is a physical impossibility.

Therefore, only the highlights have been touched upon in the progress editions of the past years.

On Feb. 25, The Campbell Press will present its fifth annual progress edition (provided all the pieces fall into place) and again we will point with pride to what has been accomplished in the community during the past few years and what the objectives are for the future.

The underlying theme of this year's progress edition is that 1970 is the year of achievement.

We mean, of course, that the years of planning and hoping will begin to pay off and that 1970 will see tangible results of what for so long have been merely dreams.

It is sad but true that people are basically impatient.

Before the end of 1970, for example, Campbell's new city hall will be under construction. So this will be an illustration of achievement.

However, let us remember that before such a major project can be undertaken many, many months of planning and study have already gone into it.

Thus it isn't quite fair to label the year the construction started as the year of achievement.

The bond issue, for example, that made the civic center a reality was passed in October, 1967. That means that more than three years will have passed before any tangible evidence (above ground, that is) of this city's most outstanding civic development will be visible.

Of course, the most outstanding example of achievement is the "PruneYard" and "The Towers".

By the end of 1970, the impact that this unique development will have made on the community will be clearly evident to all.

There is no question in our mind that a NEW Campbell is in the making.

True there are many who feel that this may not be for the better.

But there is no way to set the clocks back.

It is progress.

But we have long held that progress does not necessarily mean growth alone.

This community has changed in the past decade and will change even more in the next 10 years.

Therefore, in each annual progress edition, The Press attempts to bring these changes into focus, emphasizing that no longer can this community be classified as a rural sector of the county.

No longer is Campbell "in the sticks".

It is a part of the sprawling metropolitan area, urbanized to an extreme, but, at the same time, it has its own identity.

We submit that the progress editions show that Campbell is progressing on its own.

In this year's edition, to be published on Feb. 25, it is hoped that the picture of the NEW Campbell will be brought into focus a little more clearly.

We concede, however, that there are limitations to what one annual issue of this paper can portray.

And we further concede that what one person considers "progress" is not another's cup of tea.

Our crystal ball, as we have said on a number of occasions, has been pretty badly shattered by past experiences.

But we think this newspaper does a service each year, however, in reviewing and projecting the developments in this community.

Last year, you may recall, we emphasized the 75th anniversary of this newspaper and dug out mementoes of the past which illustrated what tremendous advances had been made on all fronts of this community since this paper was established in 1895.

Obviously we cannot use that theme in this year's progress edition.

However, this community does have a heritage that should not be overlooked even if the NEW Campbell which is so fast taking form bears little resemblance to the hamlet of those good old days.

So, as we prepare for next week's edition with all its logistic headaches, we remind you that 1970 will definitely be a year of achievement.

But it has been a long time coming.

spite for them.

After all, how many elective officials today have an opportunity to boo or hiss?

It's been the other way around in a great many instances.

DURING THE DISCUSSION at a recent City Council meeting concerning the proposed youth conference tentatively set for March 21 at Del Mar High, partisan politics (usually avoided at the meetings) got into the act in a mild and good-humored sort of way.

Rusty Hammer, chairman of the Youth Advisory Commission, in making his pitch for City Council official endorsement, reported that Rep. John Tunney, announced candidate for the U. S. Senate, had been invited to give the keynote speech at the conference.

This provoked Councilman Bill Smeed, a very definite Republican, to question whether a partisan candidate (Tunney is a Democrat) should be involved in a youth conference.

Councilman Ed Rogers, who is a definite Democrat, naturally, took exception to Bill's criticism.

Anyway, the point is that councilmen in Campbell are elected on a non-partisan basis.

You probably won't believe this but we DON'T know actually what party affiliations are represented by the five councilmen, although we have a pretty good idea.

So the discussion about partisan politics at the youth conference (all the kids involved, incidentally, are nonvoters) could be considered slightly academic.

But in the audience at that particular meeting was John M. Chargin, a former mayor of Campbell and a San Jose attorney, like Bill Smeed.

Now Chargin for all his years, since he was 21, has been a hard-working leader in the Democratic party circles.

So you might say there were innuendos, expressed or implied, flying around.

You know, equal time and all that jazz.

Anyway, we think the point was well taken about politicians getting involved in a youth conference.

But what the heck are you going to do in an election year?

Who else is available?

Or to put it another way...

What else is new?

THIS DOES NOT MAKE any sense but we think we have the formula for keeping dry during the rather unconventional rain showers we have been having lately.

If we have our topcoat handy, it doesn't rain.

But if we go without it, we get soaked.

And we suppose those who live in other areas won't believe this, BUT recently we were wearing a topcoat, the windshield wiper was going like crazy....and we had on sunglasses.

All the equipment was needed (we thought) because of the elements, real or projected.

But it was sort of a silly way to fly.

ONE OF THE MOST LUcrative newsstands for The Campbell Press is that little number that you see at the entrance to the post office.

Periodically, Shirley Hess, circulation manager, empties the cashbox of the newsstand and carts the loot back to the office.

At least, she tries to empty it.

Last week she had some trouble.

She couldn't get the box open.

There she was, prying away like crazy, when Dick Adams, officer-in-charge of the local mail emporium since Jim Hurley's retirement, looked out the window of his office.

All he saw was some gal pounding the box like mad trying to get the coin container open.

So Dick rushed to see what gives. (Our old buddy, Dick, wasn't about to let just anyone walk away with the coins in that box that belonged to the poor old local sheet.)

But Shirley identified herself. Adams then helped her get the money out, mumbling all the time something about helping pay green fees for the publisher and all that sort of stuff. (Shirley wasn't exactly sure about all of Dick's comments!)

But to get the box open, the acting postmaster (officer-in-charge, if you will) had to use a postal department crowbar to pry it loose.

So you see, some bureaucrats can have hearts and/or crowbars.

Shucks, some of our best friends work for one form of government or another.

MORE ABOUT Third Screen

(Continued from Page 1)

vious meeting had approved a 244-unit apartment complex requested by Syufy Enterprises for the land-locked parcel.

The hang-up on that approval, however, is that access to the six-acre parcel must be either through the present theater or over an easement from Union Ave. And an apartment must have access to a public street before a building permit can be issued. That issue is before the City Council on appeal.

Attorney DiLeonardo reiterated the point that the action of the Commission was depriving his client of their property rights by approving apartments that couldn't be built and by not changing the zoning to allow the drive-in theater to use it.

He emphasized that the original agreement with the city, which ended the litigation some years ago, specified the use of the land for a theater without any non-conforming restrictions.

He added that the six-acre parcel adjacent to the theater came into the city at the same time as the theater did. He charged that some of the commissioners appeared to consider the entire tract as one parcel at one time and then, on other occasions, as two, apparently to suit their own convenience.

Commissioner Frank Klein, who had initiated the question of whether the present theater and the adjacent parcel were non-conforming because of the 1000-foot residential restriction, wanted to know whether a drive-in theater meant just one screen or as many as could be placed on a parcel, a question that provoked discussion and several answers.

The city attorney's ruling that the Commission could not act on the use permit was based on the city ordinance which specifies that a drive-in theater must be more than 1000-feet from a residential area.

OPPONENTS

Active opponents to the proposed third screen have been residents of the Paseo de Palmas mobile home park, which has access to Union Ave. and is adjacent to the theater (within 1000-feet).

Paul S. Limerick, of 54 Palomar Real, acted as spokesman for the 200 residents of the park. He maintained that the theater at the present time was a nuisance in many ways to the residents in the park and that a third screen would multiply the nuisance.

He cited instances when action on the part of the theater-goers had been extremely annoying to the mobile home park residents.

Also speaking in opposition was Tony Sota, of 2222 Central Park Dr., whose main concern was the heavy traffic that the theater caused and the lack of accesses.

DiLeonardo claimed that the summary of the drive-in theater hassle as compiled by Art Kee, planning director, was incomplete because it did not include many of the communications and City Council actions which were pertinent to the issue.

He concluded with the statement that the agreement between the City and the theater people was not a one-way street. A bargain, he specified, had been reached which allowed a drive-in theater to come into the city in an M-1-S zone and the ordinance was passed at that time to cover the situation.

Prior it its passage, a drive-in theater was not allowed in that particular zoning.

He added that there is only one drive-in theater in the city at the present time.

RAINDROPS

Rainfall during the last week measured .84 inches, according to Campbell Water Co. records, bringing the total for the season to 9.93 inches.

Normal for this date is 12.02 with last years rainfall at the same date totaling 17.34 inches. The season started July 1, 1969.

Monday is scheduled to act on the appeal submitted by the California Shake and Shingle Co. on Railway Ave. The Planning Commission, because of the interim zoning that is in effect on the Railway-Dillon-Gilman area denied the request of the shingle firm for a warehouse-storage yard on Railway Ave. During the time the interim zoning is in effect, any proposed construction in the area requires a use permit.

The purpose of the interim zoning is to allow the city time to study the best possible future uses for the area. The area is also part of the federal redevelopment program, for which the City has [illegible].

Permanent construction during the interim period until the future is decided has been frowned upon.

Over the years, it has been pointed out, there have been strong advocates for multiple unit housing in the area.

The interim zoning runs out on March 10. At that time the Council can either let the area revert to its industrial zoning status, or extend the interim zoning for another year.

On the agenda also is the appeal of Syufy Enterprises of actions taken by the Planning Commission relative to approving an apartment complex, and denying a zone change and use permit for a third screen for a six-acre landlocked parcel next to the Winchester Drive-In Theater.

However, because all three issues affecting the theater cannot be heard at the same time (insufficient time to publish notices of the hearing), it is expected that Michael DiLeonardo, attorney for the theater, will ask to have all three matters continued to the Tuesday, March 3, meeting.

The Council will meet on March 3 instead of March 9, the regular session, because all the City Councilmen will be in Washington, D.C., from March 6 - 11.

Grange schedules traditional Early Settlers luncheon Feb. 23

Live in Campbell 40 years or more ago? Then you qualify as a Campbell Early Settler and are invited to join other early settlers for a wonderful day of memories on Monday, Feb. 23, when the Orchard City Grange again sponsors their traditional Early Settler Day luncheon.

The "Old Timers" reception will be held from 11 a.m. to the 12:30 p.m. luncheon time, giving plenty of time for those attending to renew old acquaintances and update news happenings. A bountiful luncheon, especially geared to please elderly palates, will be served promptly for the nominal sum of $1.50.

The traditional George Washington's birthday meeting was started back in early Campbell history and was scheduled "after the pruning" and "before the plowing", in keeping with the work schedules of the farmer residents of the community.

Members of the Grange undertook sponsorship of the annual event many years ago, with the Campbell Chamber of Commerce taking over for a few years at which time there were parades and other community events to mark the day.

Following the visiting and luncheon hour, a program will be enjoyed with musical selections and other entertainment being planned.

Reservations are now being taken for the event by Mrs. Roy Bartholomew, 356-3887, or Mrs. George Landers, 377-5168, chairmen of the luncheon meeting. The gathering will be held at the Orchard City Grange Hall, 109 N. First Street.

The committee is also desirous of updating their mailing list and are requesting that all those who have resided in Campbell forty or more years ago, to phone in their eligibility, whether they plan on attending or not.

In the past, surviving members of the Benjamin Campbell family, founders of the town, have been in attendance.

SPRING IS COMING--Mrs. David W. Plaff, seated on the left, of 2071 La Con Ct., goes over the program for the St. Andrew's Mothers Club fashion show to be held Feb. 20 at Rickey's Hyatt House, Palo Alto. Mrs. Plaff will serve as a hostess for the event. With her are Mrs. William H. Ketchum, standing, and Mrs. Donald H. Anderson, on the right.

Spring fashion show aids St. Andrews school

Campbell members of St. Andrew's Mothers Club, are busily preparing for their roles in the club's fashion show and luncheon planned for Feb. 20 at Rickey's Hyatt House in Palo Alto.

"Happiness is a Shipboard Romance" will feature exciting spring fashions for the entire family plus a preview of big name designer collections. Proceeds will go toward the St. Andrew's School building fund.

Participating in the show are Mrs. David W. Plaff, 2071 La Con Court, who will serve as hostess; Mrs. Robin P. Sandiland, 842 Old Orchard Rd., who is donating a Beauty Counselor door prize; Mrs. Roger W. Lewis, serving as hostess and her daughter, Teresa, both of 266 Llewellyn Ave.; Mrs. Sherwood J. Goozee, model, 1446 Patio Dr., and Mrs. Ronald A. Rife, 2063 Orestes Way, hostess.

The program will begin at 11 a.m. with luncheon served at 12 noon. Ticket reservations may be had by calling Mrs. James C. Jordan, 379-2739.

Hazelwood films children for reading study

"Success In Reading" is the title of the film to be shown at the Tuesday, Feb. 24 meeting of the Hazelwood Home and School Club.

Starring in the film are the children attending the Hazelwood School in actual learning situations. The filming was done while the children were attending classes, and is geared to show how each child is taught at his own individual pace.

Coordinating the filming were Charlie Pyle, music consultant and Ruth Lawner, general consultant, both from the Campbell Union School District.

Everyone living in the Hazelwood School area is invited to attend the informative and entertaining film presentation to be held in the multi-purpose room starting at 7:30 p.m.

POPULATION MEET

Worried about the population explosion? A meeting will be held Thursday, Feb. 19, 8 p.m. at the St. Andrew's Episcopal Church in Saratoga to urge population limitations. Sponsors of the meeting are Zero Population Growth, Inc. Further information may be had by calling 253-4525.

THANKS SO MUCH---Mrs. Jeanette Watson, chairman of the Campbell Citizens Beautification Committee, receives a $25 check from Mrs. William Cave, president of the Campbell Country Woman's Club, to be used toward landscaping of the Campbell Fire Station No. 2 grounds.

Floyd Little, owner of the A & W Root Beer on Winchester Blvd. has indicated that the $100 he recently donated to the beautification fund, could be used for the fire station. Bids are now being received on the project.

Garden Club contributes to fund

A check for $60 from the Campbell Garden Club was presented to the Campbell Citizens for Beautification committee at the Feb. 11 meeting.

Receiving the check on behalf of the Beautification Committee was Mrs. Jeanette Watson, chairman of the civic group. Mrs. Ruth Hartman, chairman of the garden club committee, made the presentation.

The check signalized the kickoff of the fund raising drive to provide landscaping for Campbell City Fire Station No. 2 on Sunnyoaks Ave. The fire station is nearly completed, but no funds have been allocated for plantings around the new building.

Following the presentation, club members held their annual election of officers with Sue Brigham elected as president.

Assisting will be Virginia Kolze, first vice-president; Julie Richards, second vice-president; Mrs. Grayce Tokunaga, third vice-president; Genena McConaughey, recording secretary; Virginia Marotti, corresponding secretary and directors Florence Rhode and Alma Moore.

Valentine decorations were used throughout the room and refreshments in the valentine motif were served by Mrs. Edgar Johnson, Mrs. Fred Smith and Mrs. Henry Blohm.

Valentine motif inspires corsages

Camillia corsages were much in evidence at the Tuesday, Feb. 10 meeting of the Orchard City Grange. The corsages were presented by Jimmie Arnold in recognition of the Valentine motif for the meeting.

At the next regular meeting of the Grange, to be held on Feb. 24, a large class of candidates will receive degrees, and a report will be given on the Early Settlers Day luncheon which will be sponsored by the Grange on Feb. 23. Chairmen for the annual event will be Mrs. Roy Bartholomew and Mrs. George Landers.

Members of the Women's Activities Committee enjoyed a good meeting Friday, Feb. 13, under the leadership of Mrs. Zelia Martin.

Magical Eves

Mark Hammer will present "An Evening-full of Magic". The show titled "The Magical World of Make-Believe" will feature Mark Hammer and introduce Magician Bill Lovelace as Mr. Orsini.

with "Charlie" Gubser

On January 29 I joined with the Dean of the House of Representatives, the Honorable Emanuel Celler (D-NY), and a number of other Congressmen in introducing a resolution supporting and urging peace in the Middle East.

The most significant sentence of the resolution was, "The parties to the conflict must be parties to the peace achieved by means of direct, unhampered negotiations."

In plain terms, the resolution's sponsors do not believe the major powers should have the right to sit down and determine what happens to little Israel or any of the Middle East. A final settlement should not be imposed upon Israel and the Arab states, but the matter should be settled by the parties involved, in face-to-face negotiations.

A classic example of the terrible consequences of settling the destiny and future of other nations by a few major powers can be found in the Yalta agreements which were concluded by Franklin D. Roosevelt, Josef Stalin, and Winston Churchill 25 years ago this month.

The Yalta pact has haunted five succeeding American Presidents and is largely responsible for 25 years of crises, cold war, and hot wars.

The accords reached at Yalta opened the way for the Communist conquest of China, Manchuria, and North Korea. The agreement isolated Poland from the western world and reestablished Russia as a power in the Orient and a naval force in the North Pacific.

It divided Germany, gave the U.S.S.R. a stranglehold on Hungary, Romania, and Bulgaria, and put the Soviets in a position to exert pressure upon Yugoslavia. All of this was given in return for Stalin's promise to enter the war against defeated and retreating Japan.

It was the Yalta agreement which set the stage for dozens of lesser postwar crises–the Trieste controversy, the long series of Berlin blockades, the Greek civil war, the Communist takeover of Czechoslovakia, which made NATO necessary, the Hungarian revolution, the Albanian problem, the loss of China, the Korean War, the war in Vietnam, as well as the civil war in Malaysia, and threats to numerous Southeast Asian countries. As writer Ray McHugh

As writer Ray McHugh said in a column syndicated by the Copley News Service, "Had China not been virtually surrendered to Mae, a man named Ho Chi Minh would probably have lived and died in Moscow."

Perhaps it is unfair to credit the Yalta conference with this unhappy chronology of world events. It could be that the situation might have developed to be even worse had Yalta never happened. There is no way of proving either side of the argument.

But this much is sure – the events at Yalta produced no good whatsoever and may well have caused great hardship to civilization. Such a history does not provide a compelling argument for the major powers of the world to sit down once again and carve out the destiny of smaller nations.

As the Celler resolution which I have cosponsored emphatically states, "The parties to the conflict must be parties to the peace....".

I BET YOU DIDN'T KNOW

By Al Salciccia

Not much publicity was given to an odd incident that happened at the beginning of the current basketball season... But it proves that strange things happen all the time in sports ... Officials called a foul on Florida State before they even started to play their home opener ... It seems Florida State put the player benches at the end of the court instead of along the sides as college rules now require... Thus, this game turned out to be the only one in history that started, not with a jump ball and regular play, but with a foul shot

Letters to the Editor

AGAINST TUITION

To the editor:

We, as students of the University of California, would like to inform the citizens of Campbell of the proposed imposition of tuition by the Regents of the University of California and of its consequences.

There are many families in Campbell who now have children at the University or who intend to send their children in the near future. The tuition proposal has a direct effect on these citizens of Campbell, as well as all the citizens in the state.

First of all, UC students or their families bear at least two-thirds of the cost of their education. Secondly, the poor, especially the minority poor, will suffer most by the imposition of tuition. There is no guarantee that tuition will result in an increase in student financial aid.

Thirdly, families of average income will pay from $5,000 to $10,000 for the education of each child if tuition is imposed.

This means, for the citizens of Campbell, that students who are unable to afford the University will probably attend West Valley Junior College which is supported by property taxes while the University is not.

And finally, the Regents have found it impossible to hear vocal arguments against tuition before the coming Regents' meeting on Feb. 20, but are accepting letters from the general public concerning the proposal.

We urge the citizens of Campbell to discuss the issue of tuition and make their feelings known to the Regents in order that more families will be able to send their children to the University rather than less.

Thank you very much,

Peg Hebard

Towing spotter spots wrong car

Looks like a man can't even park his car and go to work anymore. Or so it would seem to Gerald Moscarella, who went to work for the Black Knight Pizza Parlor, 1755 Winchester Ave., one day last week.

Looking out the window five hours later he spotted a tow truck hooking up his car, preparing to tow it away. After asking the tow truck driver what it was all about, he was informed that he had "college stickers" on his car.

The Campbell Shopping Center, in which the Black Knight Pizza is located, had authorized Cal Towing to tow away cars belonging to college students parked illegally on the shopping center parking lot.

Moscarella pointed out that the "college stickers" were San Jose State and DeAnza stickers, not West Valley, and that he worked in the center. Even so, he was made to start his car and prove that he was employed. A "spotter" employed by the towing service, apparently got his signals crossed on that one.

on the type of zoning that should be placed on the properties.

The Commission also approved in the marathon session Monday night (adjournment at 1 a.m.) a use permit for Ira Kirkorian to allow a one-stall car wash in the auto center that is now under construction at the Kirkwood Plaza.

The question of the noise that would be created by the car wash and the possibility of better ingress and egress were discussed in length and depth by the commissioners.

In approving the use permit,t he Commission ruled that the noise factor would be taken under consideration when final plans were approved as well as the traffic pattern.

In another action on Monday, the Commission approved the plans submitted by Jortran, Inc. for a service station at Winchester and Campbell with the stipulation that the roof would be of simulated concrete tile.

Approved also were the plans for a 71-unit apartment complex at 1581 Bucknall Rd., submitted by Ira Kirkorian and industrial buildings for C. Toy at 1150 Dell Ave. and Yvon Boudreault at 356 McGlincey Lane.

Lowell Grattan and Solar Productions (Meribah Co.) were both granted time extensions on their respective developments, Grattan at Hamilton and Llewellyn, and Solar (a 176-unit complex) on the San Tomas Expressway.

Charles L. Carothers was granted a variance at 166 Michael Dr. to allow the construction of a four-plex and William F. Byrnes and William Errico received approval for a zone change (from R-1 to C-2-S) for properties at 2985 and 2995 Winchester Blvd.

Varsity hoopsters now have an 8 win, 3 loss record for Prospect. Last week they downed Blackford and Westmont in games the Panthers dominated all the way, beating Blackford 71-38, and Westmont 89-57.

This Friday Prospect meets Branham on the Bruins' home court at 7 p.m. The Branham match will be the last one before the League Basketball Playoffs, which will be held Feb. 25, 27 and 28.

Spring sports start with the beginning of March. They include golf, swimming, baseball and track and field.

Bob Routt is Prospect's new Student Body President. Elections held earlier this month also show Eric Test, new vice-president, Nancy Badger, secretary and Ross Meinhold, treasurer. Other new Council members include Juniors Brad Davis and Ginny Morse, and Freshman Jeri Bearden.

Barbara Faust, a senior, is Prospect's 1970 Betty Crocker Homemaker of Tomorrow. Barb won the award by scoring the highest of fifty senior girls on a homemaking knowledge and attitude test. Friday, the Dons played against Blackford on the Braves' court, uping their league record to 11-1. The score was 70-40 with Bruce Posey leading the wya with 26 points.

Last week the class elections ended and the results are: Steve Donato, president; Jim Kovaleski, vice-president; Sue Foster, secretary; and Gary Ichikawa, treasurer, for the senior class.

The juniors picked John Sherrif, president; Steve Tedesco, vice-president; Pam Apland, secretary; and Joni Schroll, treasurer. From the sophomores: Chuck Nozumi, president; Terry Kanala, vice-president; Patti Austin, secretary; and Peg Stanton, treasurer.

The freshman favorites are: Lester Rushin, president; Tricia Rose, vice-president; Alison Coffey, secretary; and Suzi Paulson, treasurer.

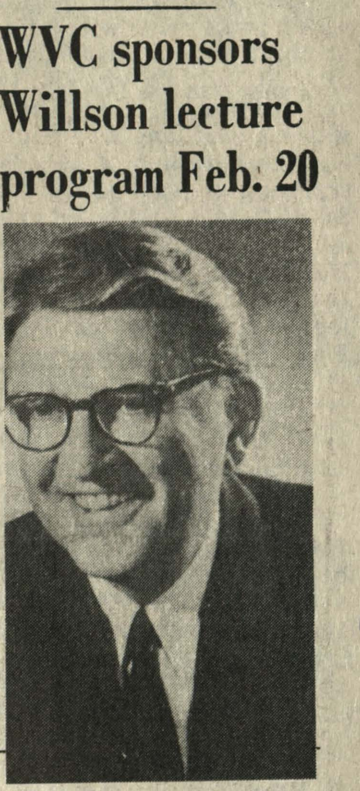
WVC sponsors Willson lecture program Feb. 20



MEREDITH WILLSON

A philosophical Iowan, who has won enduring fame in the entertainment world with hit shows on Broadway, comes to West Valley College Feb. 20.

Meredith Willson, whose musical comedies play to packed houses on Broadway and on tour, will present a program called "An Evening With Meredith Willson." His presentation is spiced with genial humor, refreshing comment and good music.

Willson has won a nationwide audience for his musical compositions, his orchestral conducting and his humorous philosophy and writings. When "The Music Man" opened on Broadway late in 1957, he added musical comedy to his long string of accomplishments and the critics predicted his show would "run for a decade."

His hit songs during the years include "You and I," "76 Trombones," "Till There Was You," "I Ain't Down Yet," and his closing theme song "May the Good Lord Bless and Keep You."

Willson's appearance at the Campbell campus auditorium is sponsored by the Office of Community Services. Tickets for the 8 p.m. performance may be purchased through that office, 44 E. Latimer Ave., Campbell, room L-26.

The evening promises to be a repeat of Willson's standing ovation appearance at the college three years ago.

Senior Citizens aid in county health survey

Doorbells are ringing in the neighborhood–"Avon Calling"? No, it's some of the community-minded ladies from the West Valley Senior Center doing their part. They have been working for the Comprehensive Health Planning Association of Santa Clara County making a survey to show where major health problems lie.

The Association is a nonprofit community organization, funded partly by the Federal Government, the County Board of Supervisors and the United Fund. The survey will cover the entire county, will require some 150 volunteers to contact ½ of 1% of all the households.

Included in the group from the West Valley Action Center were Mesdames Eleanor Schaeffle, Marie Anderson, Jennie Levin, Margaret Conner, MaryAnn Pasternak, Doris Elerik, Alice Weast, Connie Norton and Irma Reese.

Mrs. Reese furnished shuttle service for the members who do not drive.

Surprise party honors couple

MR. AND MRS. SPRAGIA

Fifty golden years of married life were toasted recently at a surprise dinner party marking the golden wedding anniversary of Mr. and Mrs. Peter Spragia.

Hosting the delightful party, which was held at Mariani's Restaurant, were their two daughters, Mrs. Gloria Sutton and Mrs. Vivian Walden and their son-in-law, Joe Walden.

Gathered to extend congratulations and best wishes were 32 relatives, including their wedding attendants, Mr. and Mrs. Tony Raffanti. Mrs. Raffanti is a sister of Spragia, while Raffanti is Mrs. Spragia's brother.

Mr. and Mrs. Spragia were married in San Jose and later renewed their vows at the first St. Lucy's church on Rincon Ave. Spragia has lived in Campbell since 1901 and has attended Campbell High School, as have his children and his grandchildren, Diane and Dennis Walden.

The couple are now making their home at 291 W. Campbell Ave., having retired from active business life that saw Spragia working in the old Ainsley cannery for 17 years before going to work for Barron and Grey cannery, now the Dole Cannery. During the war years, and for a short while after, they operated the Cozy Cafe, located on Campbell Ave. Mrs. Spragia also worked for 12 years as a cook manager at the Hamilton School as part of the Campbell school district.

A lovely decorated cake was the feature attraction of the dinner and centered on the table was a wedding picture of the anniversary couple taken with their attendants.

THE PHONE BOOTH

Just a year ago Valentine's Day one of our telephone people was married in Tokyo—and her relatives in the U. S. heard the ceremony, thanks to the telephone. Kay Reasbeck and her Air Force sweetheart decided not to wait for his return from Vietnam to get married. So she met him when he was on leave in Tokyo, and a Long Distance call was arranged to the bride's home in California where family and friends were gathered. The ceremony—broadcast via telephone circuit—was amplified to the happy group with one of our speakerphones. Love, it seems, with the help of the telephone, finds a way around everything!

I'd like to remind you that April 9 is the deadline for registering to vote in California's Primary Election. If you'll be 21 years old by election day—June 2—or are new to your community, you must register to be eligible to vote. A new law makes it unnecessary for voters who've moved *within* their own county to re-register. Such voters can now notify the County Clerk or Registrar of Voters by mail of their address change. Appropriate forms will be provided by the County Clerk. They'll also be available at many of our main public telephone offices where Pacific Telephone will again be providing voter registration facilities.

Q Why is "Information" now called "Directory Assistance?"

A "Directory Assistance" is a better description of the service we provide: helping you find a number that is not in your phone book. You'll find most local numbers in your directory. But if there's one you can't find, "Directory Assistance" is there to help you.

ATTEST: JEAN PULLAN, Clerk
Board of Supervisors

Wide-eyed in Washington

By Mason Sacks

The President of the United States serves a four year term. A Senator must face reelection only once every six years. And a Supreme Court Justice is appointed for life. Yet a member of the House of Representatives serves a term consisting of but two years. A Congressman is no sooner elected than he has to begin his campaign for reelection. As one Congressman is quoted as putting it, "You should say 'perennial' election rather than 'biennial'. It is with us every day."
is with us every day."

In contacting various Congressmen, I learned that nearly every one of them has a strong opinion as to the merits (or the lack of merits) of the two-year term.

"The theory behind the the two-year term," related one Congressman from Ohio, "is that it enables the public to express relatively sudden changes in sentiment. This theory is probably a valid one, although from what I have seen, this doesn't occur as often as one might think. More often than not, when one of my colleagues is defeated in his effort for reelection, it is because he has lost much of his original enthusiasm or because he came up against an opponent, often much younger than himself, who has a particularly appealing image."

"From my personal point of view," continued the Congressman, "it is of course rather inconvenient to always have an election coming up right around the corner. So far, I haven't had too much difficulty in being returned, but you can't get caught loafing. Frankly, if the term was extended to, say four years, I would be able to spend a lot more time going over legislation than I can right now."

One of the Congressman's colleagues from New York echoed these sentiments. "Let's face it," he said. "When you go up for reelection every two years, public relations becomes a very important thing unless you are from a one-party district, or something like that. You have to try to keep your name in the local newspapers so the people will know you are doing your job, and you have to send out an incredible amount of personal letters to constituents every day. After a while it can get to be a little hectic. I'd rather be able to sit back and know I didn't have to worry about reelection for a couple of years; that way I could spend more time on the really important things."

"There's an old saying in the House," commented a Southern Representative, "that elections are won and lost in the off-years. For the most part, I've found this to be pretty true. The state of mind of the constituents is quite different during the off-year than it is prior to an election. If you do something for him right before the election, he thinks you are just trying to get him to vote for you.

But if you do a favor for a person when elections are nowhere in sight, at least from his point of view, he appreciates it and respects you for taking time to help him out. So the best way to get around the problem of facing reelection every two years is to do your hardest campaigning during the off-years."

Westmont Whirl

By Linda Hall

The class of 1970 enjoyed a wonderful evening last Thursday, Feb. 12, hosted at the Cabana. There, celebrating their Senior seniority, they held their class' Senior Ball.

Dinner was served promptly at eight. Seated around tables decorated with red and white carnation centerpieces, couples enjoyed cross rib roast entree with peppermint parfait for dessert.

On the adjoining dance floor, the band, "Radio", opened their performance with "You Make Me So Very Happy". During intermissions students toured the pool deck, courtyard and lobby of the elegant Cabana. Escorts with their dates continued to dance to the entrancing music of "Radio" until the end of the ball.

A well deserved win was finally achieved by Junior Cindy Spence. For two years Cindy has faithfully attended all the speech tournaments she could and finally she won.

The classification that Cindy speaks under is dramatic interpretation. It is probably the most difficult of all because the speaker must put so much of himself into the performance.

Cindy selected an excerpt from "Who's Afraid of Virginia Wolf," and took both parts in an emotional two-way conversation. There were approximately 100 contestants in Cindy's category.

Saturday evening, the seventh, was a happy night for French Club as they presented, "See Dick Die." Real talent was displayed during the Kaleidoskits as actor Paul Haje led the rest of French Club in a fine performance.

Kaleidoskits was a great success this year. Turnouts from the eight spirited clubs made its success possible. The $100 prize money, sponsored by the PTA, will undoubtedly be put to good use.

Business loses

Beware of anyone handling hot doorknobs these days. A burglar pried open Better Building Material's door, 460 Industrial St., Sunday night, and made off with 12 doorknobs and lock assemblies.

Immediate value of the knobs was not available until the company could check the inventory. Entry was made with a ½-inch pry tool, after which the thief carefully jammed the door shut with cardboard.

A pneumatic sander-filler valued at $129.95 was apparently lifted from the Color-Rite Paint Co., 1719 S. Bascom.

ON USS DURHAM

Navy Fireman Christopher L. Sanders, son of Mr. and Mrs. Chalmus C. Sanders of 1235 Walnut Dr., Campbell, is serving aboard the cargo ship USS Durham at Long Beach, Calif.

The men of the Durham recently completed four weeks of refresher training.

Skis and rocks don't mix

Myron Alexander, the mighty skier, is gradually getting back on his feet after suffering a disastrous fall Feb. 3 while skiing at Bear Valley. Alexander, a Campbell Chamber of Commerce director and a realtor, found a big rock in his way after changing his mind about going down a steep slide.

Alexander was confined to the Bear Valley hospital for a week with broken ribs, bruised kidney and other contusions, before returning to his Campbell home. Alexander had been skiing for many years and this was his first serious accident. He plans to resume skiing as soon as possible.

Campbell man enters "funny car" in National Roadster Show

A $12,000 "funny car" from Campbell will be on display at the National Roadster Show that opens a 10-day run Feb. 20 at the Oakland Coliseum.

The novel competition hardtop is the creation of Kip Brundage, 30, owner of the Parts Mart speed shop at 919 Camden Ave., Campbell, according to Mel Fernandes, show manager.

It will be among more than 200 handcrafted hot rods, custom cars, sports vehicles, experimental models, dragsters, dune buggies and other features vieing for awards valued at $12,000 during the Oakland event.

Brundage's creation is rated in the 200-m.p.h. class and has a 7.50-second elapsed time on quarter-mile "drag runs".

Built from what originally was a 1968 Camero, the vehicle is embellished by numerous custom effects including a rebuilt engine with a blown fuel injection system, a tube chassis, racing wheels, a fiberglass "fliptop" body and other accessories.

It is finished wiht a $1,000 paint job of white pearlescent metalflake, set off with extensive red "lacing".
